

## TRM700-16 and TRM800-14 Assembly Guide Update

### Applies to

TRM700-16 and TRM800-14 treadmills

### Issue/Symptoms

Reminder about placement and space requirements for a treadmill in a facility.

### Resolution

In the TRM 700 Assembly Guide (P/N 304385-101 rev A) and TRM 800 Assembly Guide (P/N 304170-900 rev A), change the third bullet on Page 4 to match the wording in the Cardio Safety Regulatory Warranty document (P/N 305035-901 rev B).

For all US English versions of the TRM 700 Lit Kit, an addendum has been added (P/N 304702-101 rev A) to reflect the new wording.

### Procedure

Locate all TRM 700 or TRM 800 treadmills in your facility as directed below:

- **Locate your treadmill in your facility with a minimum of 0.5 m (19.7 in.) on each side of the treadmill and 2 m (78 in.) behind the treadmill.**
